VEILING VOORWAARDEN / TERMS OF AUCTION

Artikel 1 ALGEMEEN

1.1. Deze veilingvoorwaarden zijn van toepassing op alle overeenkomsten en/of rechtsbetrekkingen tussen A.L.H. Genetics B.V. en de deelnemers van de Homesale. A.L.H. Genetics B.V. (hierna de organisator) biedt potentiële verkopers en kopers (zijnde de deelnemers) de mogelijkheid om onder de in deze veilingvoorwaarden gestelde voorwaarden koopovereenkomsten aan te gaan. Afwijkingen en aanvullingen van deze veilingvoorwaarden zijn slechts geldig indien deze uitdrukkelijk en schriftelijk tussen de organisator en deelnemers zijn overeengekomen.

1.2. Door het bieden aanvaardt de koper de toepassing van deze voorwaarden en wordt deze koper/bieder geacht kennis te hebben genomen van deze voorwaarden.

1.3. De overeenkomsten tussen de organisator en deelnemer worden beheerst door Nederlands recht. Toepasselijkheid van het Weens Koopverdrag 1980 is uitgesloten.

Artikel 2 AANBIEDEN VAN DIEREN

2.1. De dieren op het bedrijf zijn door de Gezondheidsdienst voor Dieren officieel vrij gecertificeerd voor IBR, BVD en Lepto.

2.2. Alle dieren zijn geschikt voor export volgens de EU richtlijnen.

Artikel 3 DE VEILING

3.1. De veiling vindt plaats bij opbod. Iedere bieder is aan zijn bod gebonden, totdat een hoger bod is geaccepteerd. Bij het opbieden dienen de bedragen te worden verhoogd met tenminste 100 Euro per bod.

3.2. Indien de veilingmeester zich vergist, heeft hij het recht om de vergissing te herstellen.

3.3. Het risico van het dier gaat van de verkoper naar de koper na toewijzing van de veilingmeester. Het risico van het dier gaat na gunning over op de koper, waaronder mede begrepen, maar niet beperkt, de schade veroorzaakt door het dier. Het eigendom van de dieren gaat pas over op het moment van levering en/of volledige betaling van de koopsom.

3.4. De dieren staan gestald en worden gehouden op (eigen) risico van de verkoper en na gunning van de koper. De koper dient daarom zelf mogelijke verlies en/of aansprakelijkheden te verzekeren.

3.5. Om de veiling vlot te laten verlopen wordt er gewerkt met koopnummers welke voor en tijdens de veiling verkrijgbaar zijn. Op het moment van afhaken van het koopnummer worden alle benodigde gegevens van de koper vastgelegd en de koper is verplicht de verzochte gegevens te verschaffen.

3.6. De organisator en de uitgever zijn niet aansprakelijk voor (druk)fouten in de catalogus.

3.7. De organisator en de eigenaar van de veilingfaciliteiten zijn niet aansprakelijk voor schade die voor, tijdens en/of na de veiling is veroorzaakt bij personen, goederen, dieren en/of machines, tenzij deze schade is ontstaan door opzet of grove schuld van de organisator en/of de veilingfaciliteit.

3.8. Wanneer dieren drachtig worden gegarandeerd staat dit in de catalogus of in de update vermeld. Reclames daaromtrent (en alle andere reclames) dienen binnen 6 weken na de veiling, onder overlegging van een veterinaire verklaring, schriftelijk bij de organisator te worden gemeld. Alle kosten die na aflevering op dit dier zijn gemaakt zijn voor rekening van de koper. De verkoper en/of organisator kan nimmer aansprakelijk worden gesteld voor vervolgschade.

Artikel 4 BETALING EN KOSTEN

4.1. De geboden prijs is exclusief de verschuldigde provisie voor de veiling, kosten voor transport en BTW. De provisie ten laste van de koper bedraagt 8% van de geboden prijs.

4.2. Voor de betaling ontvangt de koper een factuur van de organisator en deze dient binnen 7 dagen na factuurdatum te worden betaald. Echter het verkochte dier blijft in eigendom van de verkoper totdat het volledige bedrag inclusief alle kosten op de rekening van de organisator zijn bijgeschreven.

4.3. Indien koper de verschuldigde bedragen niet tijdig betaalt, is koper, zonder dat enige aanmaning of ingebrekestelling nodig is, over het openstaande bedrag contractuele rente van 1% per maand verschuldigd. Indien koper na aanmaning of ingebrekestelling nalatig blijft de vordering te voldoen, kan de organisator de vordering uit handen geven, in welk geval koper naast het dan verschuldigde totale bedrag tevens gehouden is tot vergoeding van alle gerechtelijke en buitengerechtelijke kosten, waaronder kosten berekend door externe deskundigen naast de in rechte vastgestelde kosten.

Artikel 5 VERVOER EN STALLING

5.1. De koper geeft direct na de veiling door waar de dieren na de veiling afgeleverd dienen te worden. De aflevering aan de koper kan op verzoek voor rekening en risico van koper worden verzorgd door de organisator voor 35 Euro per dier. Deze regeling geldt alleen voor aflevering binnen Nederland. Dit bedrag wordt op de factuur in rekening gebracht.

Kopers waarvan dieren geëxporteerd dienen te worden dienen dit direct na de veiling kenbaar te maken aan de veilingorganisatie. De export kan via bemiddeling van de organisator worden geregeld. Het vervoer en export klaarmaken is op kosten en risico van de koper.

Article 1 GENERAL

1.1. These terms of auction are applicable to all agreements and/or legal relationships between A.L.H. Genetics B.V. and the participants in the Homesale. A.L.H. Genetics B.V. (hereinafter referred to as the organiser) offers potential sellers and buyers (i.e. the participants) the possibility of entering into purchase agreements under these terms of auction. Deviations from and additions to these terms of auction will only be valid if expressly agreed upon by the organiser and participants in writing.

1.2. Bidding constitutes acceptance of these terms by the buyer/bidder and implies that the buyer/bidder has taken cognizance of these terms.

1.3. Any agreements between the organiser and the participant will be governed by Dutch law. The Vienna Sales Convention of 1980 is excluded.

Article 2 OFFERING OF ANIMALS

2.1. The herd is through the Gezondheidsdienst voor Dieren (GD Animal Health) officially free certified for Infectious Bovine Rhinotracheitis (IBR), Bovine Viral Diarrhoea (BVD) and Leptospirosis.

2.2. All animals have clearance for exportation under the EU guidelines

Article 3 THE AUCTION

3.1. The auction will be an open ascending-price auction. Every bidder is bound to his bid until a higher bid is accepted. Bids must increment by a minimum of 100 Euros.

3.2. If the auctioneer makes a mistake, he is entitled to correct his mistake.

3.3. Liability for the animal is transferred from the seller to the buyer after the auctioneer has allocated the winning bid. Liability for the animal is transferred to the buyer upon allocation of the winning bid, which includes, but does not exclusively comprise liability for, damage caused by the animal. Property of the animal is only transferred at the moment of delivery and/or full payment of the purchase price.

3.4. Animals will be stabled and kept under the sellers liability and under the buyers liability after allocation of the winning bid. The seller/buyer must therefore take out appropriate insurance to cover possible loss and/or liability.

3.5. In order to ensure smooth auction proceedings, the auction uses bidder numbers, which can be obtained both prior and during the auction. When picking up the bidder number, all required buyer details will be recorded, which the buyer will be obliged to provide.

3.6. The organiser and the publisher cannot be held liable for (printing) errors in the catalogue.

3.7. The organiser and the owner of the auction facilities cannot be held liable for damage caused to persons, goods, animals and/or machines prior to, during and/or after the auction, unless this damage is the result of intent or gross negligence on the part of the organiser and/or auction facility.

3.8. When animals are guaranteed to be in-calf, this will be stated in the catalogue or in the update. Any related claims (as well as other claims) must be lodged to the organiser in writing within 6 weeks after the auction, accompanied by a veterinary certificate. All costs on this animal incurred after delivery will be due by the buyer. The seller and/or organiser can never be held liable for consequential damage.

Article 4 PAYMENT AND COSTS

4.1. The bidding price is exclusive of the commission payable for the auction, transportation costs and VAT. The commission payable by the buyer amounts to 8% of the bidding price.

4.2. In order to effect payment, the buyer will order and irrevocably consent to a direct debit to the organiser, albeit that the sold animal and embryo will remain the property of the seller until the full amount, including all costs, has been credited to the organiser's account.

4.3. If the buyer fails to pay the payable amounts on time, the buyer will be liable to pay 1% contractual monthly interest on the outstanding amount, without any warning notice or proof of default being required. If the buyer continues to fail to settle the claim after a warning notice or proof of default, the organiser may pass the claim on to a third party, in which case the buyer will, on top of the payable total amount, also be liable to pay all judicial and extrajudicial expenses, including fees charged by external experts on top of costs allocated in court.

Article 5 TRANSPORTATION AND HOUSING

5.1. Immediately after the auction, the buyer will submit details regarding where the animals are to be delivered. Delivery to the buyer is possible on request and under the liability of the buyer, be taken care of by the organiser for a fee of 35 Euros per animal. This arrangement is only for delivering of animals within the Netherlands. The amount will be charged on the invoice.

Buyers who require exportation of animals must report this to the auction organisation immediately after the auction. The organiser can mediate in arranging exportation. The cost for testing and paperwork are for the buyer. The buyer will bear the costs and liability of transportation.
